

A white TOTO toilet is positioned on a wooden deck in the foreground, facing a dense, sunlit forest. The scene is framed by dark vertical lines, suggesting a window or a screen. The sunlight filters through the trees, creating dappled shadows on the deck and the toilet. The overall mood is serene and natural.

Things you use every day.
Created for a new way of living.

For over 100 years, TOTO has pursued the path
of science and advanced technology to design a world of comfort
in the most important spaces in your home.

Beyond mere aesthetics. Beyond simple creature comforts.
Our enduring mission—pursued with zeal
and not beholden to quaint traditions—is to turn
daily rituals into richly satisfying experiences
and to make this new way of living available to all.

Based on wellness science, the ultimate use of materials,
and maximizing the effectiveness of water,
TOTO technologies are relentlessly perfected to rejuvenate and replenish.
To liberate from stress and unburden the environment.
To support good health and sustain longer lives.

For body and mind in ways that awaken the imagination.
To bring to your life every day the promise of tomorrows better lived.

The Birth of a Revolutionary Product

1980

Always Innovating to Spread a Culture of Everyday Comfort and Cleanliness.

Since its launch in the 1980s, WASHLET has continually evolved through the invention of countless innovative clean technologies. This is also our history of creating—and spreading around the world—a new culture of comfort and cleanliness through the shift from only wiping with toilet paper to cleansing with water. As a result of these efforts, in 2017 WASHLET was recognized as the No.1 brand of electric toilet seats with bidet function in the world and in 2019 broke through the milestone of fifty million total units sold. As a worldwide best seller, TOTO will continue pursuing technological innovation to make the lives of people everywhere fresher and richer.

Time Space Harmony

SUPPRESSES
the accumulation of Waste on
BOWL

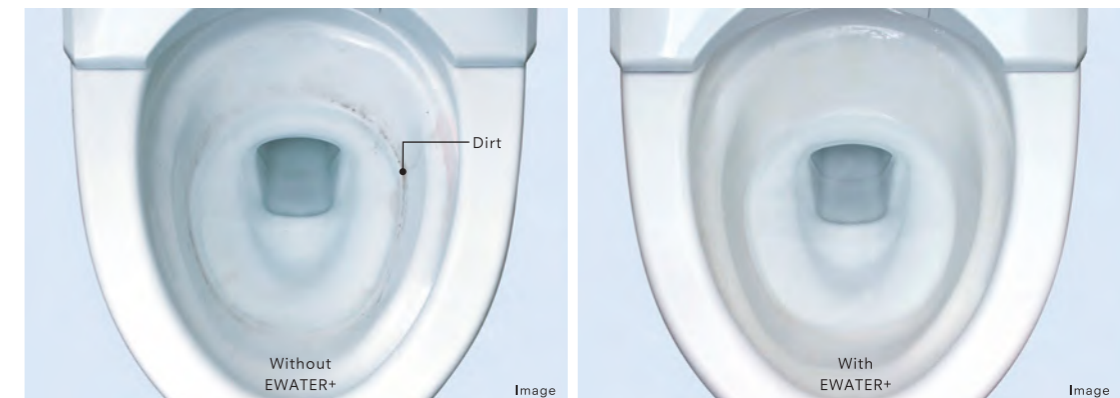

EWATER+
for BOWL

CLEAN SYNERGY

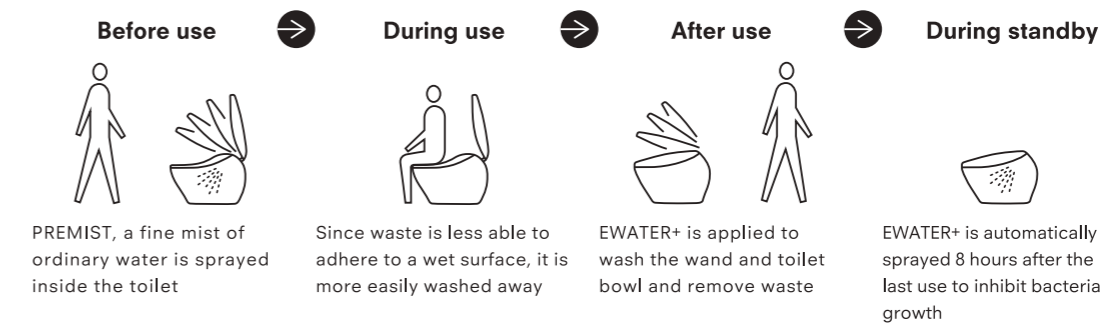

Electrolyzed water reduces waste,
even bacteria you can't see.

EWATER+ washes the wand and toilet bowl where waste and bacteria tend to accumulate and produce stains that can become permanent. Using no chemicals or cleaning agents, EWATER+ provides peace of mind every day that microscopic bacteria has no place to hide.

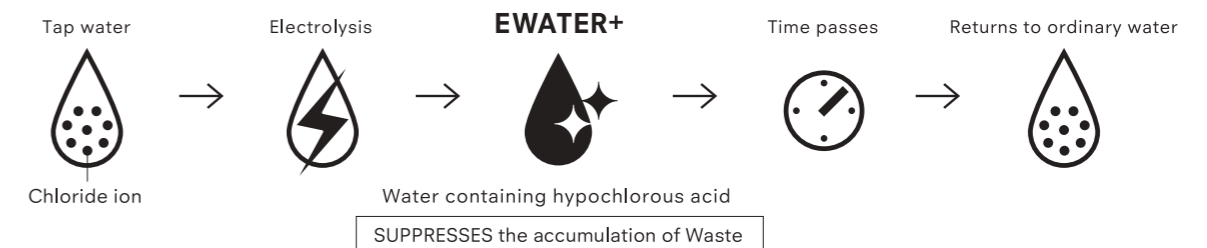

Survey: Study the effectiveness of EWATER+ by comparing the state of cleanliness of toilets that receive no cleaning versus toilets that are self-cleaned with EWATER+. No additional cleaning was allowed. Survey period: One month (Feb. - Mar. 2017). Subjects: Families of four. *Results vary according to usage and environmental conditions. All data collected by TOTO.

How EWATER+ cleans

What is EWATER+?

Produced by electrolysis of the chloride ion in tap water. It is completely free of chemicals and cleaning agents. Over time EWATER+ returns to its original state of ordinary water, making it completely environmentally friendly.

SUPPRESSES
the accumulation of Waste on
WAND

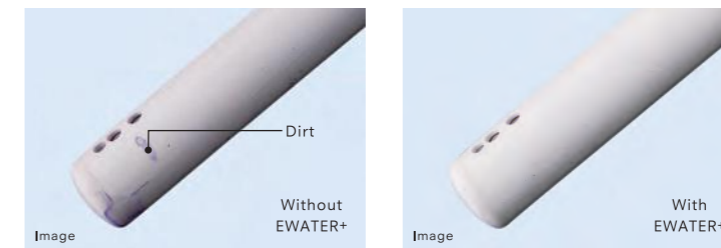

EWATER+
for WAND

CLEAN SYNERGY

The wand washes itself inside and out with EWATER+ to maintain hygienic conditions.

Before and after each use, the wand automatically washes itself with EWATER+. This thorough cleaning occurs inside the wand as well as all around the exterior. Even when the toilet is not being used, the wand periodically cleans itself to ensure constant hygienic conditions.

Survey: Study the effectiveness of EWATER+ by comparing the state of cleanliness of wands self-cleaned with EWATER+ versus those that are not. No additional cleaning was allowed. Survey period: Two months (Sep. - Oct. 2017). Subjects: Families of four. *Results vary according to usage, environmental conditions, and product type. All data collected by TOTO.

Self-cleaning inside the mechanism, too

Before use → During use → After use → During standby

Self-cleans with water

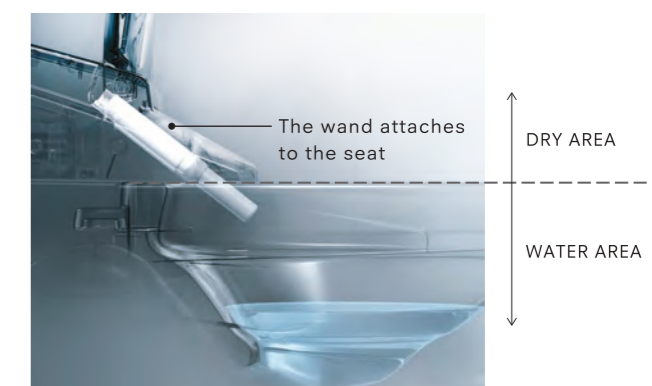

Self-cleans with water

Self-cleans inside and out with EWATER+

Self-cleans inside with EWATER+

Always Keeping Conditions Clean

Made of high-quality waste-resistant resin and automatically sprayed with EWATER+ after each use, the wand is extremely resistant to waste and stains. What's more, the wand attaches to the seat, not the bowl, so waste is less likely to even reach it. Though the wand is self-cleaning, you will appreciate how easily you can reach it and wipe it spotless.

FORCES Waste to SLIDE DOWN

CEFIONTECT

CLEAN SYNERGY

Ultra-smooth ceramic leaves nowhere for waste to cling.

PREVENTS Waste from CLINGING

PREMIST

CLEAN SYNERGY

A film of water keeps waste from clinging.

CEFIONTECT is an ultra-smooth ceramic glaze that coats the toilet bowl. Its microscopic surface ridges are far smaller than waste particles, leaving no place for waste to gain a foothold. Extremely durable, CEFIONTECT is designed for enduring beauty and cleanliness.

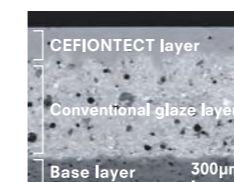

Enlarged sectional image of toilet surface

Eliminating the microscopic gaps where waste hides

Conventional ceramic may appear perfectly smooth to the eyes, but has gaps where waste, mold and bacteria hide. At just one millionth of a millimeter, CEFIONTECT's surface ridges are much tinier than waste particles.

What makes CEFIONTECT so durable?

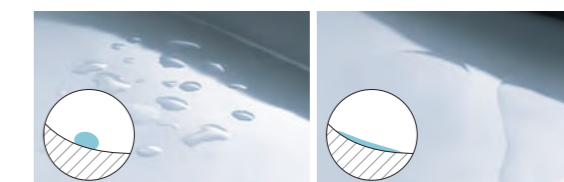

Glass layers are burned onto conventional glaze, making CEFIONTECT an extremely durable material.

CEFIONTECT toilet micrograph *1µm=0.001mm

Water has a strong affinity to CEFIONTECT

Hydrophilic describes organisms and materials that attract water. CEFIONTECT is hydrophilic. Water spreads easily over the toilet bowl, so waste particles easily wash away.

Water hydrophobic

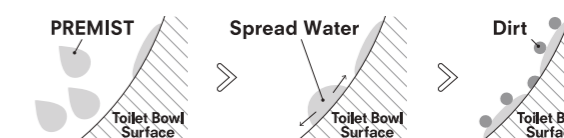

Water hydrophilic

PREMIST

To ensure waste washes away easily, a film of water keeps waste from clinging to the toilet bowl.

PREMIST automatically sprays water over the surface of the inner toilet bowl before every use. Due to the ceramic's hydrophilic nature, waste washes away more easily.

SWIRLS and EJECTS Waste Entirely

TORNADO FLUSH

CLEAN SYNERGY

360° cleaning power reaches every spot using less water.

TORNADO FLUSH not only cleans more effectively, it does so quietly using less water. Powerful streams of water merge and swirl 360 degrees, washing every spot inside the RIMLESS toilet bowl.

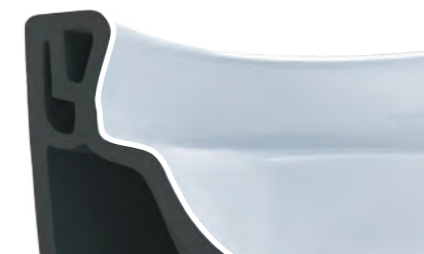

Powerful washing where waste accumulates most easily

TORNADO FLUSH's dynamic waterjet discharges from near the front of the toilet bowl, travels in a narrow channel along a hairpin curve, and with sustained water pressure thoroughly cleanses the areas where waste accumulates most easily—and then washes the entire bowl clean. Exquisitely high-quality ceramic makes this innovative design possible.

RIMLESS

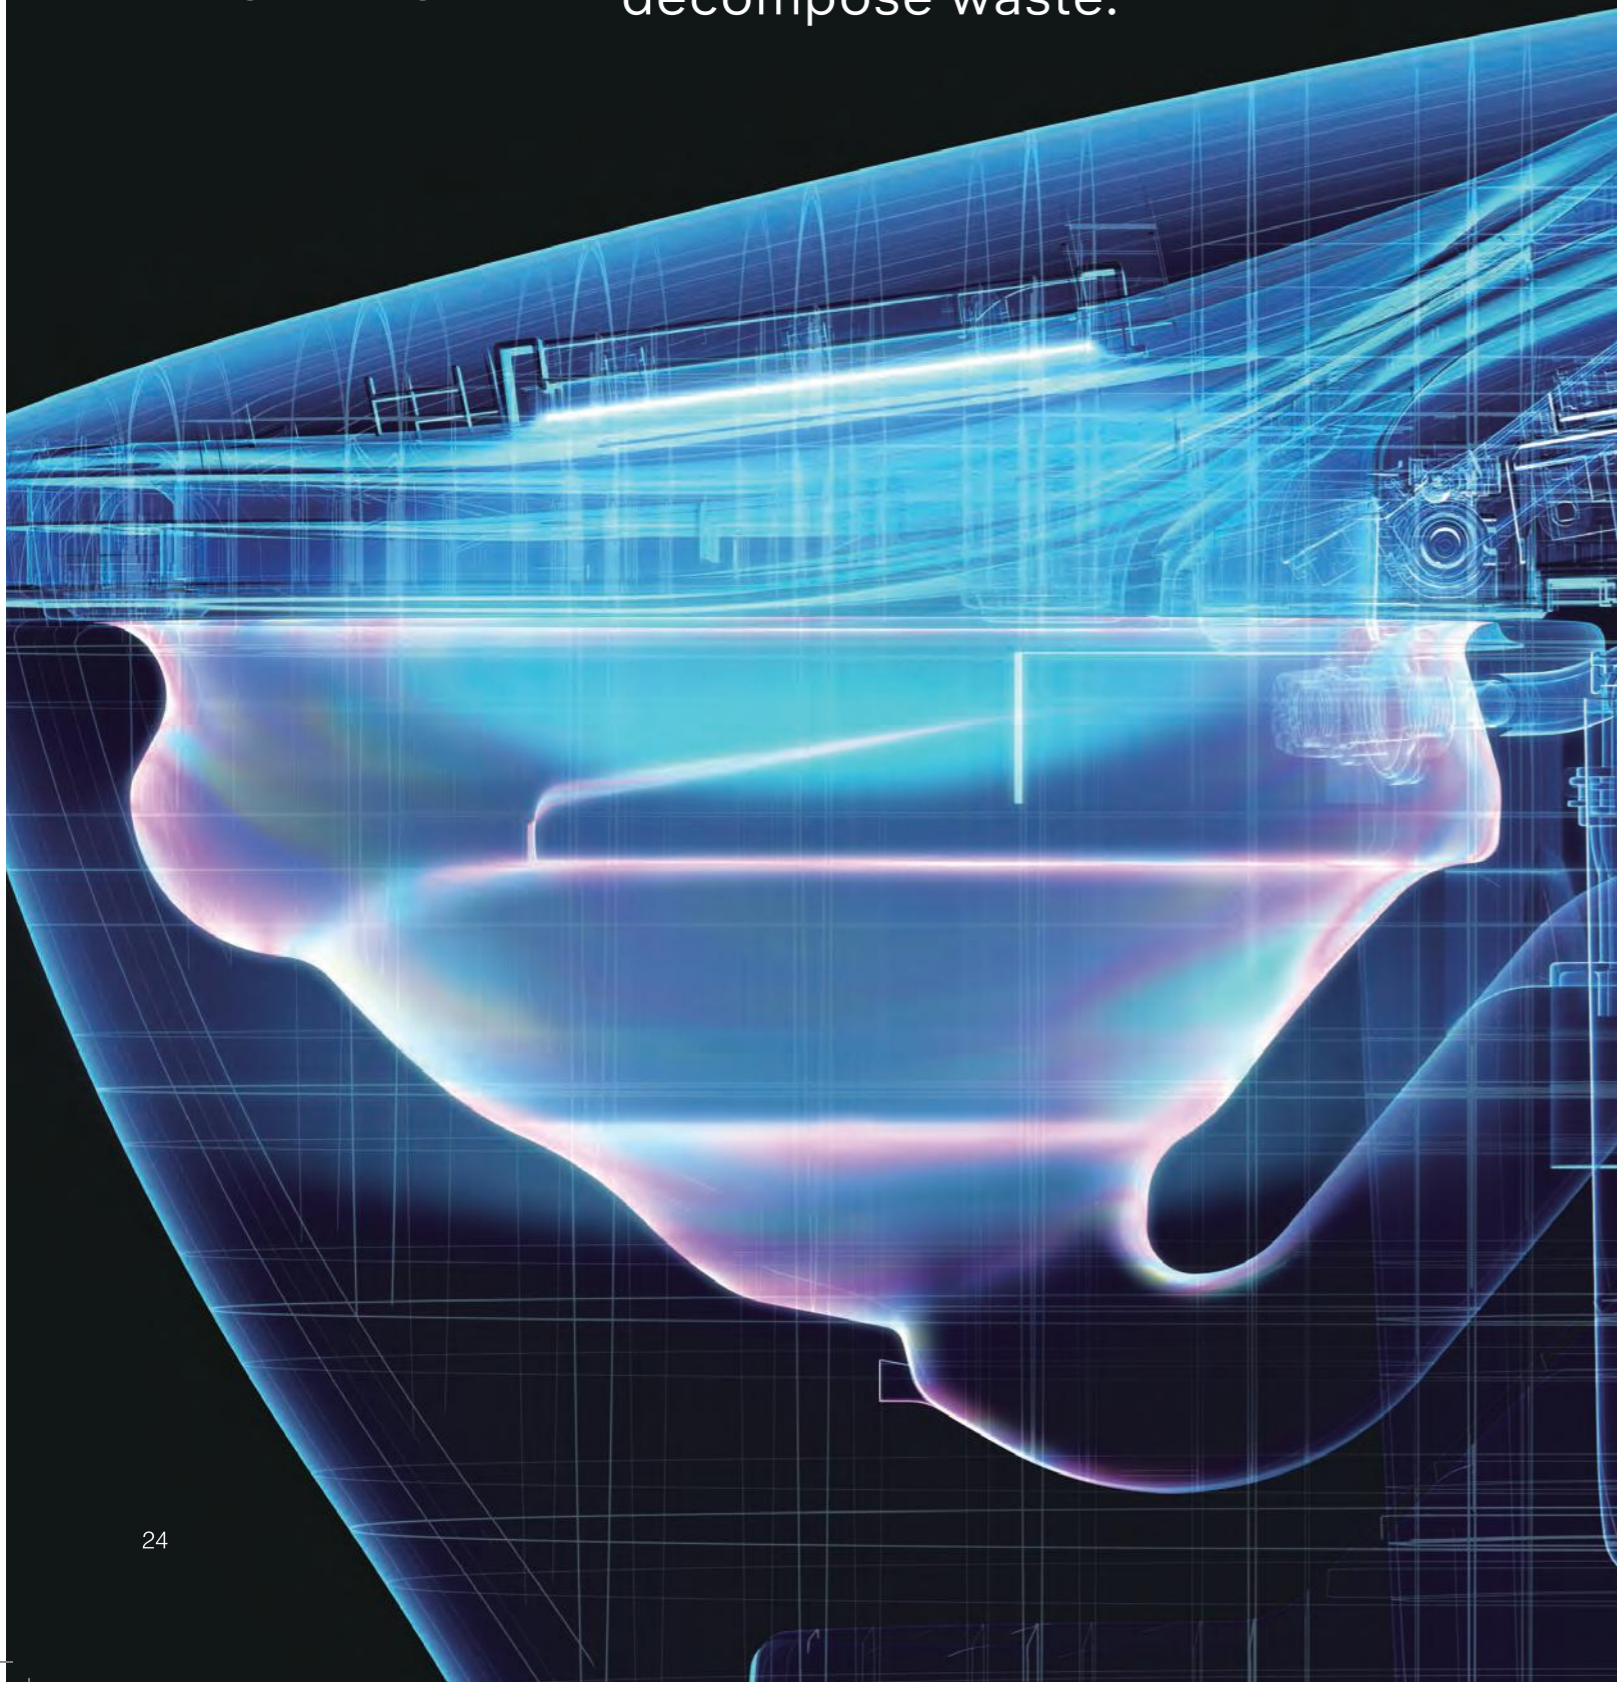

The RIMLESS design leaves no place for waste and germs to hide. It also makes for a much easier to clean toilet.

ACTILIGHT

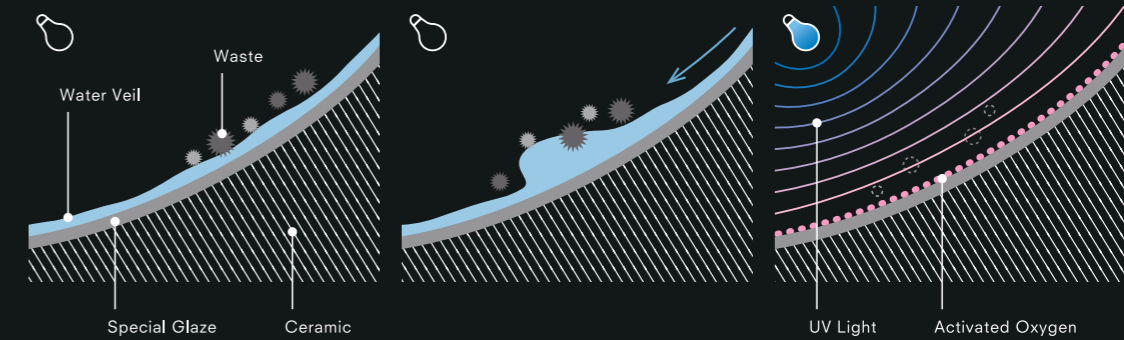

Photocatalytic glaze, the ultimate cleaning technology, has the natural power to decompose waste.

ACTILIGHT elevates toilet cleaning to an extraordinary new dimension. Comprising a bacteria-neutralizing ultraviolet light and a titanium dioxide-fired toilet bowl, this extraordinary technology initiates a photocatalytic process that breaks down even microscopic waste particles.

State-of-the-art materials

Titanium dioxide attracts water to the surface of the toilet bowl, setting the stage for photocatalysis. The toilet bowl's photocatalytic glaze layer also contains zirconium oxide, which provides its extreme durability.

Operates 24 hours a day to maintain hygienic conditions

The photocatalytic process with UV light and titanium dioxide produces Activated Oxygen from the ambient oxygen and water molecules, which further breaks down organic waste and reduces the food source that microbes feed on.

AIR-IN WONDER WAVE

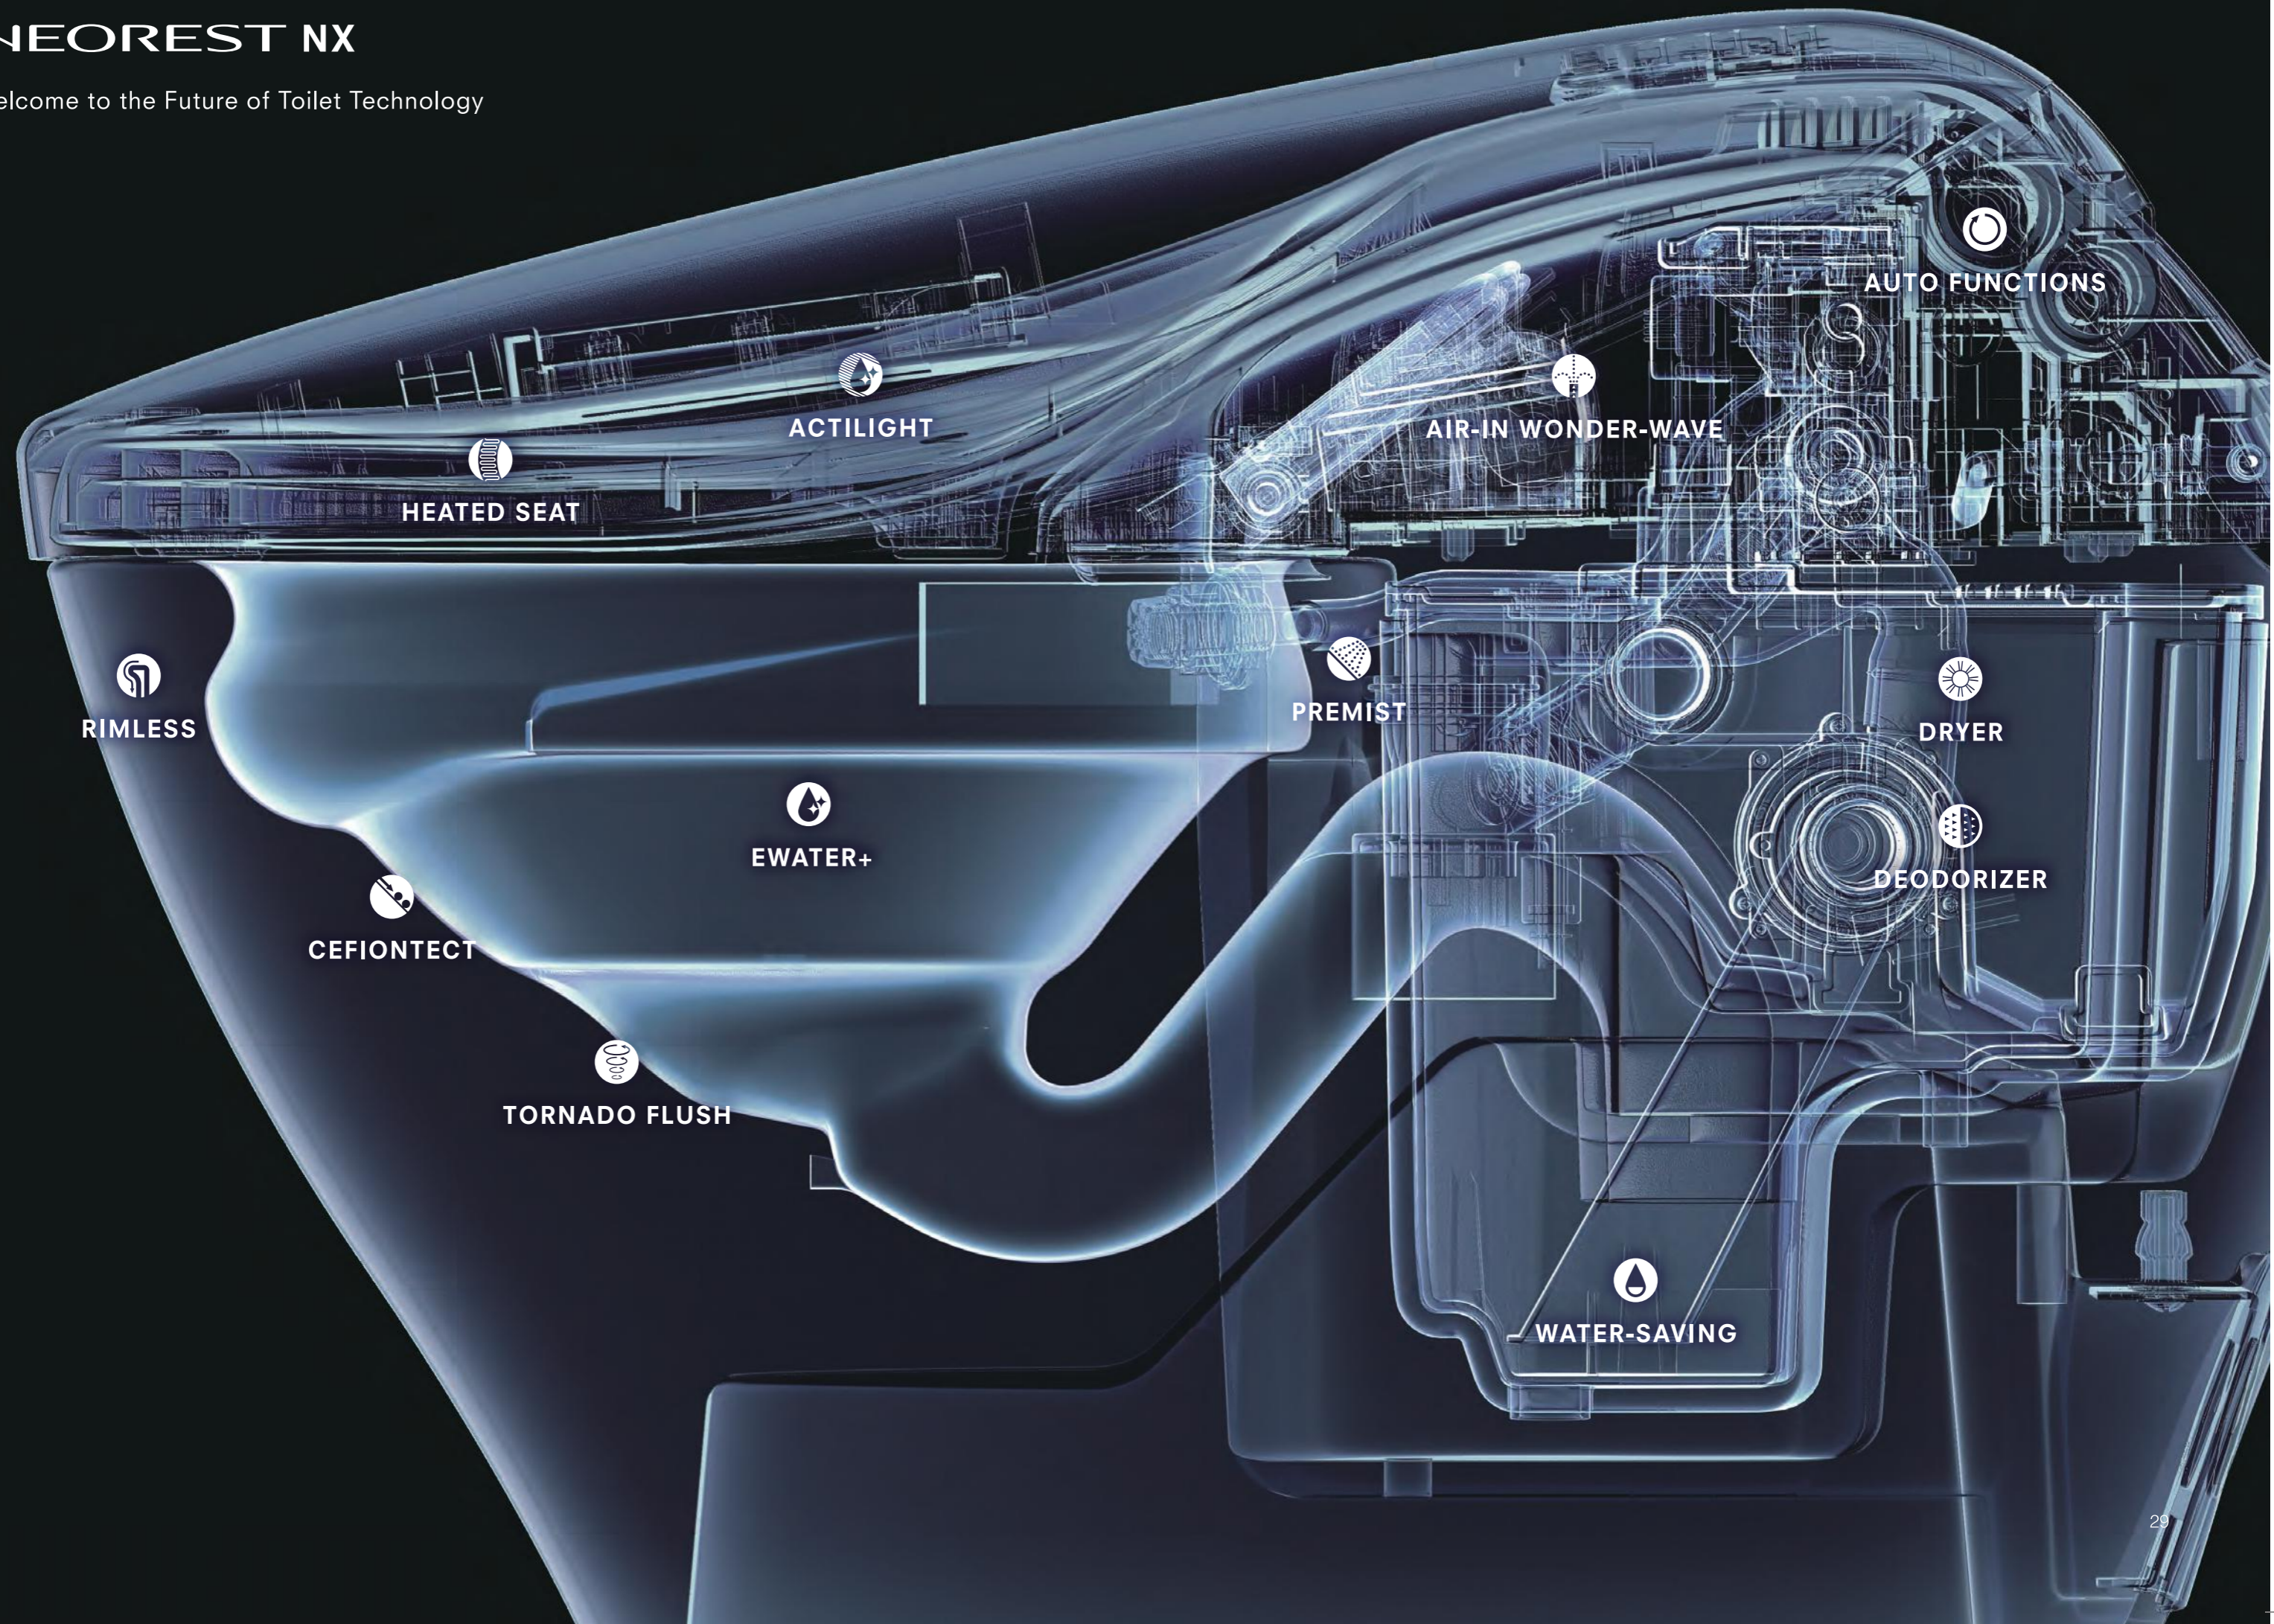

The precise, pleasant,
air rich stream keeps you clean.
And it's always pleasantly warm.

AIR-IN WONDER-WAVE is a technology that uses air rich water droplets to produce a more comfortable washing sensation and deliver more thorough cleansing with less water consumption. Even more, water is warmed instantly as needed, so you need never worry about running out of warm water.

NEOREST NX

Welcome to the Future of Toilet Technology

NEOREST NX

Every moment of every day,
enjoy the cleanliness and comforts of
Life Anew.

Constantly at work, automated technologies keep surfaces hygienic and maintain
a place that is inviting and comfortable to use.

Cycle of Cleanliness and Comfort

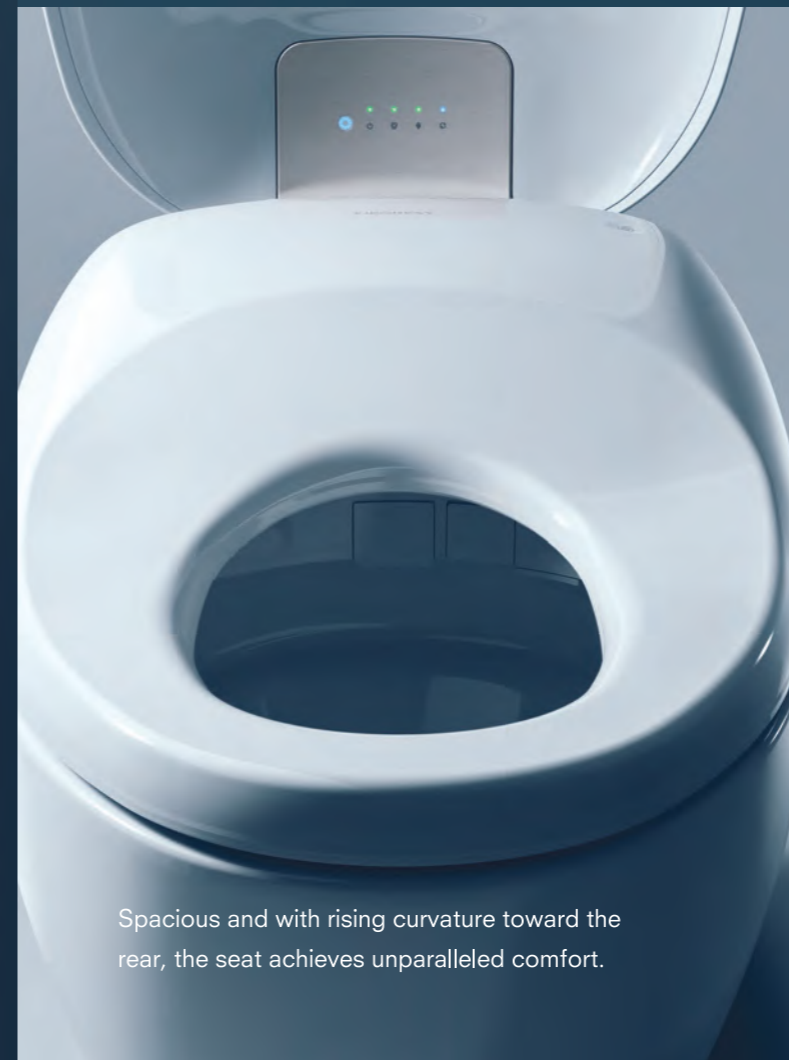

NEOREST NX

The lustrous lid highlights the elegant curves.

The refined ceramics texture gives elegance to the curvaceous silhouette.

Spacious and with rising curvature toward the rear, the seat achieves unparalleled comfort.

Beautifully refined illumination ensures ease of use even in the dark.

Exquisite from every angle.

NEOREST XH

The NEOREST with Actilight is a powerful cleaning system that brings new levels of health and hygiene to the washroom. Experience the pleasure of using a toilet that always looks and feels brand new.

NEOREST LE

Within the linearity of this unique form resides a sense of softness that stimulates relaxation. Simplicity reveals the depth of harmony.

NEOREST AH

The linear design of this full-cover toilet accentuates any modern space with an exquisite sense of harmony.

NEOREST RH

The softly rounded silhouette creates a sense of serenity that harmonizes with a wide variety of spaces.

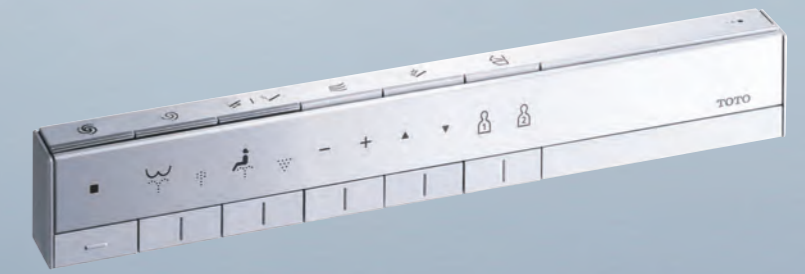

DESIGN

Smooth form with clean lines and beautiful proportions.

NEOREST AH

NEOREST RH

Design of the remote control is elegantly minimalist.

Flat seat free of undulating and extruding surfaces.

Straight lines yield a design that harmonizes with a wide variety of spaces.

Softly rounded form accentuates the space.

A person is relaxing in a hot tub at night. The hot tub is filled with water, and steam is rising from it. The person is lying back, and their head is resting on the edge of the tub. The hot tub is set on a wooden deck. Several lit candles are placed around the hot tub, and string lights are visible in the background. The scene is dimly lit, creating a relaxing and cozy atmosphere.

FLOTATION TUB

ZERO DIMENSION

Afloat, calm,
immersed in the meditative moment of relaxation.

The posture of an astronaut resting in space

ZERO DIMENSION bathing brings freedom from gravity,
releasing stress on joints and encouraging ultimate relaxation.

The brain in a state of tranquility

Research has shown that the ZERO DIMENSION bathing posture
reduces activity in the part of the brain that houses the language function.
This is the reason Zero Dimension bathing feels calming and relaxing.

Graphic image

Exclusive features make every bath a luxurious occasion.

NECK BATH

With variable pillow positions ensuring stability, people of all body shapes can enjoy the warmth of the bath from above the shoulders to the neck.

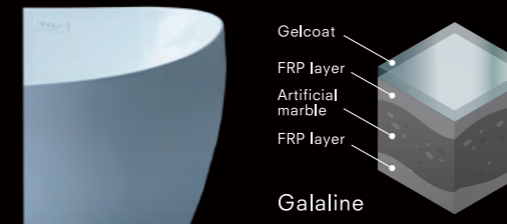

AIR-JET

Fluctuating streams of air bubbles rise from below and envelop the body with a soothing sensation.

LED LIGHTING

In the outer perimeter of the tub's base, LED LIGHTING supplies a dream-like ambience.

GALALINE MATERIAL

Offering outstanding durability, the tub is made of GALALINE artificial marble and constructed using TOTO's innovative sandwich configuration.

CONTROLLER

The electrostatic CONTROLLER is operated by the slightest touch.

AUTO FAUCET WASHBASIN

The precisely balanced streams of water from SOFT FLOW faucets touch the skin gently, causing almost no spatter as you wash your hands. The feeling is soft, lustrous and enriching. Sensor-operation eliminates the need for levers or buttons to touch.

More than clean, beautiful

SOFT FLOW's translucent streams of water are exquisitely beautiful to the eye.

Splash-free handwashing

Even as the water completely envelops the palms, there is little to no splatter of droplets.

Hands-free operation

SOFT FLOW has sensors both for opening and closing the spout and for switching between hot and cold water. Simply waving the hand over the sensor operates it.

LINEARCERAM

Exquisitely thin
is the next dimension of beauty.

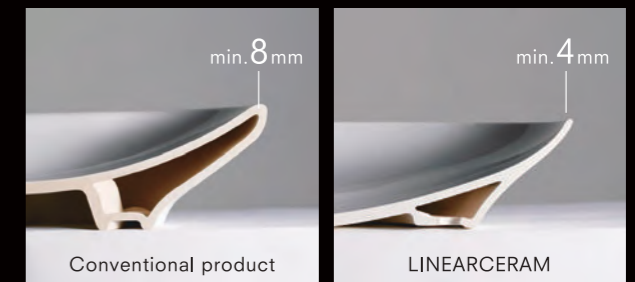

CEFIONTECT

LINEARCERAM's thin design harmonizes with any space. Although eye-catchingly thin, it is also extremely strong. Sophisticated and inviting to use, LINEARCERAM is a new paradigm in bathroom aesthetics.

To create a vessel of such exquisite thinness, TOTO developed an advanced form of proprietary ceramic.

Along the thinnest part of the ridge, LINEARCERAM is approximately half the depth of a conventional basin. At the same time, the material has almost twice the tensile strength.

CEFIONTECT clean

LINEARCERAM features TOTO's proprietary technology for preventing the adhesion of dirt and ensuring easy cleaning. CEFIONTECT has superior durability for long-term use.

GYROSTREAM

The bathroom is a space where health and well-being take centre stage. Gyrostream offers the same relaxing effect that you'd find in bathtub. Rotating nozzles deliver a stimulating massage that spreads evenly over a wide area of the body.

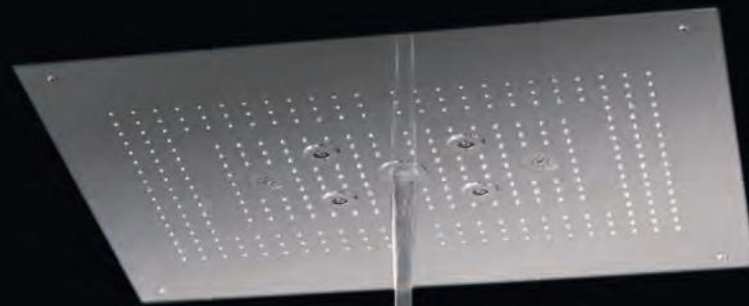

MECHANISM

Water sprays out through nozzles that rotate in two different directions resulting in a powerful flow of water. These water vortices provide an invigorating massaging effect.

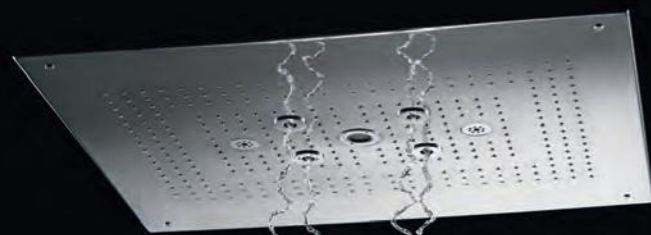

WARM SPA

With a flow that envelops your body, this new kind of shower warms your body efficiently.

AERIAL SHOWER

Aerial Shower aerates the water to make the shower experience more enjoyable. You feel as though you're standing below a particularly full stream without any increase in the amount of water used.

GYROSTREAM

The bathroom is a space where health and well-being take centre stage. Gyrostream offers the same relaxing effect that you'd find in a bathtub. Rotating nozzles deliver a stimulating massage that spreads its effect over a wide area of the body.
